SECURITY INFORMATION**

1 December 1953

Dear Malone:

Apropos of my verbal request concerning Zoltan ARADI, I want to advise that we are giving considerable thought to the possibilities of utilizing the services and talents of this individual. Because of a variety of circumstances, however, particularly attendant upon his former employment of which you have knowledge, we do not feel that it is advisable at this time to request from him a sufficiently complete personal biography to support a request for approval in Category 51. However, such utilization as we might make of him would require such approval, and, since we have ascertained independently that he is a U.S. citizen, we herewith request that, if at all possible, you procure his biography which is available in the files of his former employer and with this information have the individual processed for Category 51.

Sincerely,

Michael
